SECRET/SECURITY INFORMATION

25X1A	

3•	A short distance from Tsuryupinsk there was a soil-improvement research station which was engaged in the reclaiming of sandy ground for agricultural use, but I have no further information on this station.
4.	I have drawn a rough sketch to show the location of several medical installations of Sevastopol in 1941 [see page 3]. The Biological station of Sevastopol was engaged in the study of marine biological
